

3rd Transnational Partner Meeting

Pointing out specifics and main characteristics of Work Based Basic Skills (WBBS) was a main focus at the 3rd transnational partner meeting of PROFI-TRAIN. Developing a professionalisation concept for WBBS the PROFI-TRAIN partnership agreed on main characteristics.

In the WBBS-process four functions are needed:

- Door opening
- Requirement Analyses
- Training Implementation
- Process Monitoring

WBBS-training follows the concept of Situated Learning

- Learning is focused on action situations in the workplace with (new) requirements and with impact on employee and employer
- real learning environment allows to work on realistic challenges and authentic situations
- WBBS-training is a process oriented learning offer
- an important principle for trainers is to be open minded and flexible

WBBS-training ensures the learning-transfer

- WBBS promotes useful learning
- WBBS is outcome-oriented

The 3rd partner meeting took place at ERGANI in Thessaloniki from 30th Sept. till 2nd October 2018
